

Department of Consumer Sciences Student Profile

Jessica Siders

Fashion and Retail Studies, 2010

What has been your favorite class in the major?

My favorite class was FRS 685.01 and 685.02 because I learned a lot about merchandising and the project that was required was really helpful for me to understand the business better.

Q What is the best part about the FRS major?

The best part of the FRS major is the required internship because I believe it is important to learn and gain as much experience as you can while in school.

Q Where have you completed your internships?

I worked at E.C.I New York in NYC. I helped with the product development department. Some of my responsibilities were making sure samples were sent on time and communicated with the customers and vendors. I am currently interning at The Limited Brands Home Office with the Victoria's Secret bra merchants.

Q Are you involved with any campus organizations?

I am currently the president of the Fashion Student Organization, which is an organization that is great for networking. We also plan events, such as fashion shows, do fundraisers to help raise money for our annual trip to NYC in the spring to meet with people in the fashion industry.

Q What is your favorite OSU memory so far?

Going to the OSU vs. Michigan game my freshman year when we were 12-0 and I rushed the field for the first time.

Q What are your plans after graduation?

I would like to work at a corporate office as a merchant.
