

Educator Licensure Testing Requirements (as of January 1, 2014)

Licensure tests and qualifying scores listed in the following charts are subject to change by the State Board of Education of Ohio.

Updates:

- **Effective September 3, 2013, Evaluation Systems group of Pearson became the provider of educator licensure assessments. Pearson provides assessments for state-sponsored testing programs and develops custom educator licensure assessments that are aligned to state standards. Except for the ETS Praxis assessments listed below, Pearson assessments will be required for licensure. Candidates seeking licensure to teach world languages will continue to utilize the OPI and WPT provided by Language Testing International/ACTFL.**
- **The following Praxis II assessments are required for licensure until further notice:**
 - ✓ **Praxis II Health Education / 5551**
 - ✓ **Praxis II Audiology / 0342 or 5342**
 - ✓ **Praxis II School Psychologist / 0401**
 - ✓ **Praxis II School Speech-Language Pathology / 0330 or 5330**
- **Individuals who successfully completed a Praxis series test required for licensure prior to the change to an OAE test (other than those listed above) may use these tests and test results to satisfy the licensure testing requirement at the time licensure is sought.**

Introduction

The implementation of educator testing in Ohio is in response to standards adopted by the State Board of Education (see Ohio Administrative Code). The State Board of Education has adopted examinations for licensure that are provided by (1) Evaluation Systems group of Pearson (Pearson), (2) Educational Testing Service (ETS) and (3) the American Council on the Teaching of Foreign Languages (ACTFL). Successful completion of required tests is designed to ensure that candidates for licensure have acquired the minimal knowledge necessary for entry-level positions.

Licensure tests provided by ACTFL/LTI are required of all modern world language candidates. These assessments ensure the spoken and written language proficiency of candidates for licensure to teach modern world languages.

The ODE requires only **ONE** Pedagogical Knowledge Assessment test be successfully completed in an educator's career. However, new content or licensure areas require additional Pearson, ACTFL or Praxis II subject tests to establish minimum competency in that subject area. Any applicant interested in specific test requirements of an educator preparation program **MUST** contact the school, college, or department of education of an approved institution. Any person holding licensure in another state and interested in obtaining Ohio licensure should contact the Ohio Department of Education (ODE), Center for the Teaching Profession, Office of Educator Licensure, 25 S. Front Street, MS 105, Columbus, Ohio 43215-4183, (614) 466-3593 or (Toll free) 877-644-6338. Email: educator.licensure@education.ohio.gov

<http://education.ohio.gov> (Search Keyword: Educator Licensure)

- ❑ **Evaluation Systems group of Pearson**
 - Out-of-state applicants are responsible for accessing their account and clicking on the link “Request a Copy of Your Test Results”. The individual uses this link to request an additional score report which then accompanies his/her application for licensure. There is a fee associated with this request.
- ❑ **ACTFL**
 - Individuals who have previously completed the ACTFL OPI and/or WPI in another state, or in Ohio prior to February 2009 and would like that rating to apply to their licensure application, will need to arrange for test results to be electronically reported to the Ohio Department of Education. In order to do this, email: processing@languageTesting.com and ask for a *Request for an Official Certificate* form, which can then be sent via email, fax or mail. An additional fee is required to obtain a certified copy. Amount of the fee is available on the LTI website. Payment should be included when the form is submitted.

May a candidate retake failed tests?

- Yes, a candidate for licensure may retake any or all required tests. Access the Pearson, ETS and ACTFL websites for details regarding the retest policies of each test provider.
