REQUIREMENTS FOR THE MASTER OF ARTS DEGREE
For students admitted PRE Autumn 2005

Master's degree programs give students the opportunity to gain additional knowledge and necessary skills in a field in order to engage in research and other scholarly activities, to teach and to become practitioners. At Ohio State, Master's degree programs consist of a coherent pattern of courses and other educational experiences, a Master's examination and, in many cases, a thesis or its equivalent.

I. Program of Study

You are expected to select a program of study in consultation with your advisor. The program must include a reasonable concentration in a single area or in related academic areas, must be approved by your advisor, and must be within the rules of the Graduate Studies Committee. (ref. Graduate School Handbook, Section II.5.1).

The **Master of Arts Program Sheet** must be completed and signed by you and your advisor. You should turn in your Program Sheet as soon as you work out a program with your advisor. At the latest it must be submitted at the same time you submit your **Application to Graduate – Master's Degree**. The **Application to Graduate – Master's Degree** is available on line at <http://www.gradsch.ohio-state.edu/Depo/PDF/Master'sGraduate.pdf>. The **Master of Arts Program Sheet** is available on line at <http://ehe.osu.edu/epl/students/downloads/ma-program-sheet.pdf>.

II. Foundations of Education Requirement:

A minimum of six hours of graduate credit in philosophical, historical, social, or psychological foundations are required. Consult with your faculty advisor regarding what constitutes a foundations course. A list of suggested faculty courses can be found online <http://ehe.osu.edu/epl/students/downloads/foundations-course-list-bf-au05.pdf>.

A minimum of three hours of graduate credit must relate to multicultural education. A list of courses approved to meet the multicultural education requirement is available online at <http://ehe.osu.edu/epl/students/downloads/mult-cultural-course-list-bf-au05.pdf>. A course that meets the multicultural education requirement may "double count" for one of the foundations of education requirements with your advisor's permission.

IV. Research Requirement:

For students pursuing the non-thesis option, courses in research are strongly recommended. For students pursuing the thesis option, a minimum of six graduate hours must be taken in courses related to educational research design and data analysis. Students in the School of Educational Policy and Leadership are strongly encouraged to take research methodology coursework from Quantitative Research, Evaluation and Measurement and/or from Cultural Foundations, Technology and Qualitative Inquiry.
