RE: Upcoming Seminar

Thanks for agreeing to participate in the PAES Instruction Enhancement Seminar during winter quarter. We had a really fun and productive seminar last year, and I'm really looking forward to this year's group! I think having the chance to meet with Zull when he comes to campus this spring will be an extra treat.

The seminar schedule is:

<u>DATE</u>	<u>TIME</u>	<u>PLACE</u>	<u>READING</u>
Mon, February 2	9-11am	110 Arps	Chapters 1-5
Mon, February 9	9-11am	136 Ramseyer	Chapters 6-7
Mon, February 16	9-11am	136 Ramseyer	Chapters 8-9
Mon, February 23	9-11am	136 Ramseyer	Chapters 10-12

Enclosed is your copy of Zull's *The Art of Changing the Brain*. The book is yours to keep and mark up as you would like. Please bring the book to the sessions.

Also enclosed is the assignment for the first session. There are readings to be completed prior to each session, and the reading for the first session is the longest. In future weeks, there shouldn't be too much preparation time.

Thank you again for agreeing to participate in the seminar – I look forward to working together throughout the coming weeks.
