Average of 2.0 in 3 required Social Science courses: List Grades
 Sociology 101 _____
 Psychology 100 _____
 Choice Social Science Course _____
 or HDFS 364 (if admitted SU 07 or later)

When the average of these 3 courses is below 2.00, a higher grade in a higher level course in the same department (e.g., Psych 550 grade for Psych 100 grade) can be substituted or repeat the same course. No other substitutes from other social science departments can be used. A 2.5 CPHR is required for most HDFS fieldwork courses, and for HDFS 565 (a requirement in Professional Specialization Area 1–Preschool Programming).

Transfer students can use appropriate transfer credit and grades for social science courses. Transfer students must earn a 2.0 CPHR from 15 credit hours at OSU prior to admission. (For the HDFS major only).

**If interested in the Master’s of Education, a 3.0 CPHR is required to apply to the Ohio State M.Ed. program. A CPHR higher than a 3.0 improves competitiveness. The bachelor’s program is a pre-teaching program and does not culminate in a teacher’s license.

Human Nutrition: (All Nutrition and Human Nutrition applicants require an advisor appointment)
(Dietetics) - For dietetics only, admission will be limited by department resources.
