Ohio Educator Preparation Provider Performance Report Ohio State University

Institution Profile

(Data Source: Ohio State University)

The Ohio State University

Educator Preparation

The Ohio State University Educator Preparation Unit is made up of five colleges, six campuses and more than 50 programs that include initial licenses and professional licenses.

Report Overview

The Ohio Department of Higher Education gathers data annually from multiple sources to report the following performance metrics in the Educator Preparation Provider Performance Reports:

- Ohio Teacher Evaluation System Results for Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Ohio Principal Evaluation System Results for for Ohio Principals Prepared by an Ohio Educator Preparation Provider
- Field and Clinical Experiences Required by Ohio Educator Preparation Provider Candidates
- Licensure Test Results for Ohio Educator Preparation Provider Program Completers
- Value-added Data for K-12 Students Taught by Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Demographic Information for Schools in Which Ohio Educator Preparation Provider-Prepared Teachers with Value-Added Data Serve
- Academic Measures Used to Inform Admissions Decisions at Ohio Educator Preparation Provider Programs
- Survey Results of Pre-Service Teacher Candidates Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Ohio Resident Educators Who Were Prepared by Ohio Educator Preparation Providers
- Survey Results of Ohio Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Mentors Serving Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Ohio Educator Preparation Provider National Accreditation Status
- Persistence in the Ohio Resident Educator Program of Teachers Who Were Prepared by Ohio Educator Preparation Providers
- Ohio Educator Preparation Provider Excellence and Innovation Initiatives

Ohio Educator Preparation Provider Performance Report Ohio State University

Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers Prepared by an Ohio Educator Preparation Provider at Ohio State University

Reporting period from September 1, 2021 to August 31, 2022. (Data Source: Ohio Department of Education)

Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

- 1. The information in the report is for those individuals receiving their licenses with effective years of 2018, 2019, 2020 and 2021.
- 2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
- 3. Due to ORC 3333.041(B), annual results must be masked for institutions with fewer than 10 completers with OTES data.

Associated Teacher Evaluation Classifications					
Initial Licensure Effective Year	# Accomplished	# Skilled	# Developing	# Ineffective	
2018	49	66	N<10	N<10	
2019	27	56	N<10	N<10	
2020	18	72	N<10	N<10	
2021	N<10	85	N<10	N<10	

Ohio Educator Preparation Provider Performance Report Ohio State University

Ohio Principal Evaluation System (OPES) Results for Individuals Completing Principal Preparation Programs at Ohio State University

Reporting period from September 1, 2021 to August 31, 2022. (Data Source: Ohio Department of Education)

Description of Data:

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2017, 2018, 2019 and 2020.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

	Associated Principal Evaluation Classifications					
Initial Licensure Effective Year	# Accomplished	# Skilled	# Developing	# Ineffective

2019	N<10	N<10	N<10	N<10		
2020	N<10	N<10	N<10	N<10		
2021	N<10	N<10	N<10	N<10		

Ohio Educator Preparation Provider Performance Report Ohio State University

Field and Clinical Experiences for Candidates at Ohio State University

Reporting period from September 1, 2021 to August 31, 2022. (Data Source: Ohio State University)

Description of Data:

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

Teacher Preparation Programs					
Field/Clinical Experience Element	Requirements				
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	N				
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	100				
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	350				
Average number of weeks required to teach full-time within the student teaching experience at the institution	14				
Percentage of teacher candidates who satisfactorily completed student teaching	98.39%				

Principal Preparation Programs					
Field/Clinical Experience Element	Requirements				
Total number of field/clinical weeks required of principal candidates in internship	26				
Number of candidates who started internship	21				
Number of candidates who completed internship	21				
Percentage of principal candidates who satisfactorily completed internship	100%

Ohio Principal Licensure Examination Pass Rates at Ohio State University

Reporting period from September 1, 2021 to August 31, 2022. (Data Source: Ohio State University)

Description of Data:

Ohio requires that principal candidates pass the requisite state examination to be recommended for licensure. The 2019-2020 program completer pass rates are reported by each Ohio educator preparation provider.

Ohio Educator Preparation Provider Performance Report Ohio State University

Value-Added Data for Students Taught by Teachers Prepared by Ohio Educator Preparation Providers at Ohio State University

Reporting period from September 1, 2021 to August 31, 2022.

Description of Data:

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

Limitations of the Value-Added Data:

- 1. The information in the report is for those individuals receiving their licenses with effective years of 2017, 2018, 2019 and 2020.
- 2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on Elementary and Middle School Tests (Grades 4-8) and End-of-Course Tests for high school credit.
- 3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

Ohio Educator Preparation Provider Performance Report Ohio State University

Ohio State University Candidate Academic Measures

(Data Source:Ohio State University)
Reporting period from September 1, 2021 to August 31, 2022.

Undergraduate Admission Requirements

EPP UG requirements are 1) application with letter of recommendation, GPA, and disposition form (with BCII/FBI checks and fingerprinting) and 2) completion of coursework. All applications are screened using unit and program rubrics/criteria. Applicants include a piece of writing with criteria established by each program/campus. Some programs interview and/or require content-specific GPA or specific grades in courses. SAT and ACT scores may be considered.

Post-Baccalaureate Admission Requirements

EPP PB requirements are 1) application with letter of recommendation, GPA, and disposition form (BCII/FBI checks and fingerprinting) and 2) coursework. All applications are screened using unit and program rubrics/criteria. Applicants include a piece of writing with criteria established by each program/campus. Some programs interview and/or require content-specific GPA, portfolios or specific grades in courses. SAT, ACT and GRE scores may be considered.

Graduate Admission Requirements

EPP graduate requirements are 1) application with letter of recommendation, GPA, and disposition form (BCII/FBI checks and fingerprinting) and 2) coursework. All applications are screened using unit and program rubrics/criteria. Applicants include a piece of writing with criteria established by each program/campus. Some programs interview and/or require content-specific GPA, portfolios or specific grades in courses. SAT, ACT and GRE scores may be considered.

Description of Data:

The data in this section are the average scores of candidates on academic measures reported by the provider. If a measure is not applicable to a level of delivery (undergraduate, post-baccalaureate, graduate) the table reflects "N/A." In the "Dispositional Assessments and Other Measures" portion, if the provider did not indicate using a measure, OR if the institution does not offer a program at the designated level of delivery, the table reflects "N."

Candidates Admitted is the number admitted (for fall or spring) during the academic year.

Candidates Enrolled is the total number of candidates admitted and enrolled (including program completers) during the academic year.

Candidates Completing is the number meeting all the requirements of a state-approved teacher preparation program during the academic year.

Ohio Educator Preparation Provider Performance Report Ohio State University

Principal Program Admission Requirements

EPP graduate requirements are 1) application with two letters of recommendation, GPA, and disposition form (BCII/FBI checks and fingerprinting) and 2) coursework. All applications are screened using rubrics/criteria. Applicants include a statement of purpose and resume/CV. Applicants must have 2+ years of prior teaching experience and an active teaching license. SAT, ACT and/or GRE scores may be considered. A letter of Superintendent Sponsorship is required for the Accelerated track.

Ohio Educator Preparation Provider Performance Report Ohio State University

Pre-Service Teacher Survey Results

Reporting period from September 1, 2021 to August 31, 2022.

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here. A total of 2,514 respondents completed the survey statewide for a response rate of 51.6 percent.

Ohio State University Survey Response Rate = 260.54% Total Survey Responses = 383

Ohio Educator Preparation Provider Performance Report Ohio State University

Statewide Survey of Ohio Resident Educators' Reflections on their Educator Preparation Program

Reporting period from September 1, 2021 to August 31, 2022.

Description of Data:

To gather information on alumni satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio Resident Educators who completed their preparation in Ohio receive an invitation to complete the survey in the fall semester as they enter Year 2 of the Resident Educator program. A total of 456 respondents completed the survey statewide for a response rate of 12.5 percent.

National Accreditation Status

Reporting period from September 1, 2021 to August 31, 2022. (Data Source: Ohio Department of Higher Education)

Description of Data:

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the professional preparation of job applicants.

Accrediting Agency	CAEP
Date of Last Review	April 2019
Accreditation Status	Accredited

Ohio Educator Preparation Provider Performance Report Ohio State University

Teacher Residency Program

Reporting period from September 1, 2021 to August 31, 2022. (Data Source: Ohio State University)

Description of Data:

The Resident Educator Program in Ohio encompasses a robust four-year teacher development system. The data below show the persistence of Ohio Educator Preparation Provider graduates through the program.

Data from this table capture a year-to-year snapshot of the persistence of Ohio Educator Preparation Provider graduates through the program. Corrections to prior year reporting may be captured in the current year's reporting. Data used to create this "snapshot" table are sourced not only from the current year's resident educator completion data results, but also prior year results because a Resident Educator may fail to complete all the program year requirements within the same academic year.

Some of the scenarios addressed in the design of the table are as follows:

- 1. A normal scenario, where a student is reported each year and is listed as completed. In this case, we include them in only the Entering/Persisting counts for the current year.
- 2. A scenario where a student is reported as entering one year, but not as completed, but then reported the following year as completing the previous year and current year. In this case, we include them in the Persisting count for the previous year, but not the Entering count. We also include them in the Entering and Persisting counts for the current year.
- 3. A scenario where a student is not reported for one year, but reported with records for the previous year and the current year the following year (both as completed). In this scenario, we include them in both the Entering and Persisting counts for both years.
- 4. A scenario involving a registration fluke where a student completes Year 1 of the RE program with an issued RE license, but not an effective or valid license until the following school year. For example, a teacher has all the qualifications for a full license, but completed Year 1 under a sub-license (in which the work is counted) and Year 2 under a RE license.

Excellence and Innovation Initiatives

Reporting period from September 1, 2021 to August 31, 2022. (Data Source: Ohio State University)

Description of Data:

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Preparation Programs

Initiative:	Project ROOT Summer Experience
Purpose:	Increase recruitment and mentoring of historically underrepresented educators and build a network of young education professionals.
Goal:	The 21-22 focus was to assess the challenges of diversifying the educator workforce. Assessments reveal a need to raise interest among BIPOC students about EHE/education career opportunities; disrupt myths about who's best suited to be educators; and provide diverse professional models.
Number of Participants:	24
Strategy:	In partnership with the Senior Director of Partnerships and Engagement in the EHE Office of Equity, Diversity and Global Engagement, the Director of RMRDSJ launched the Project ROOT (Reaching Our Own Through Teaching) Summer Experience in June 2022. Project ROOT was designed as a multifaceted, grow-your-own strategy to attract and impact youth in Central Ohio who have historically been underrepresented in the field of teaching. Through the Project ROOT Summer Experience, 24 rising juniors and seniors from 8 Central Ohio school districts engaged in-person with several members of the University and local community in a range of activities, including workshops on the college admissions process, EHE programs/pathways, and funding college; campus tours; sample college courses on social & emotional learning and on equity & diversity in education; and roundtable discussions with in-service educators who shared how their studies in education led to their current careers. In between activities, informal networking opportunities between students and EHE faculty and staff served to foster relationships for further support throughout the school year and beyond.
Demonstration of Impact:	Data measuring the impact of the program was collected through student surveys. When asked to rate the statement, "I learned a lot by participating in Project ROOT" on a 10-point scale, students responded at an average of 9.76/10. When asked to rate the statement, "I would recommend this experience to other students" on a 10-point scale, students responded at an average of 9.57. Data measuring student enrollment after attending the Project ROOT summer experience will be available at the end of the 2024-25 academic year.
External Recognition:	This initiative was featured during a presentation at the ODHE/ODE Addressing Educator Shortages meeting in Columbus in Nov. 2022.
Programs:	All initial licensure programs

Initiative:	New OAE Reading Test Alignment
Purpose:	The OAE Reading test is being updated and released in January 2023. OSU Reading faculty are revising EDUTL 5225 to align content to the revised assessment.
Goal:	The goal is to address an alignment issue in EDUTL 5489 and EDUTL 5225, which currently aim to cover multicultural literature and reading comprehension, which could be adapted to better prepare Primary P-5, Middle Childhood and Intervention Specialist licensure students for the new OAE Reading test.
Number of Participants:	200
Strategy:	The Language Literacy faculty met to analyze the changes to the new Reading OAE test (190). The previous Reading Assessment (090) heavily focused on phonemic awareness, phonics, and decoding, which are covered in EDUTL 5468 (Reading Foundations) and EDUTL 5469 (Phonics). OAE passage rates for the 090 demonstrate a successful alignment of these items. Student feedback on the coursework and their preparedness for the 090 Assessment further confirms these outcomes. An analysis of the two test frameworks revealed an increased focus on reading comprehension. Domain 4 (open response) previously included only the integration of knowledge and understanding, whereas

Ohio Educator Preparation Provider Performance Report Ohio State University

the 190 version breaks this subarea down further to include Foundational Reading Skills and Reading Comprehension. This includes Competency 11: Prepare an organized, developed analysis on a topic related to the development of reading comprehension. The course that most closely aligns with Reading Comprehension is EDUTL 5225. Faculty will be adjusting coursework in response to the changes in the assessment with a specific focus on reading comprehension to ensure ample coverage for OAE test

190.

Demonstration of Impact: Data measuring the impact of the realignment will be gathered with each cohort year and shared with

program-level faculty/staff. An overview of data will be provided to examine overall pass rates compared to previous rates. Data will be disaggregated by program, level, campus, gender and race. As needed, data can be analyzed by domains and competencies to identify strengths and areas for improvement.

External Recognition: OAE passing scores (first time and final attempt) are reported publicly.

Programs: Initial licensure programs required to take the Reading OAE (Primary, Middle Childhood, Intervention

Specialist)

Principal Preparation Programs

Initiative: Culturally Responsive Leadership

Purpose: To create a through line of culturally responsive leadership in our principal licensure program.

Goal: The principal licensure program curriculum will increase its focus on culturally responsive leadership

practices.

Number of Participants: 40

Strategy: 1) A new faculty member was hired with expertise in culturally responsive leadership. 2) A new course

was created and added as a program requirement. This course is entitled, "Culturally Responsive School Leadership." 3) Additionally, conversations occur at monthly faculty meetings about how professors can continue to be culturally responsive in their teaching practices, in admissions standards,

and in how students are supported while in the program.

Demonstration of Impact: Impact will be measured by principal licensure students and their field experience mentors through

completion of the end-of-program survey for the 2021-2022 school year. In particular, Question Nine: "Establish expectations for using culturally responsive practices that acknowledge and value diversity," will be highlighted. Out of a 4.0 rating, the average agreement rating for principal licensure students was rated a 3.86 and their mentors' mean agreement was a 3.55. This score will serve as a benchmark

moving forward.

External Recognition: Not at this time.

Initiative: Increased Focus on Social Emotional Learning

Purpose: To establish an increased focus on the social emotional learning of our principal licensure students.

Goal: The principal licensure curriculum will increase its focus on social emotional learning from both a

programmatic and individual student level.

Number of Participants: 40

Strategy: 1) A course entitled, "Positive Psychology in Educational Administration" has been added as a program

requirement. This course has been offered historically as a popular elective but is now a core course in the program. The content of this course not only focuses on how school leaders can create positive environments for teachers, students, and parents, but also how leaders themselves can create optimistic outlooks. 2) Additionally, a standing item on monthly faculty meetings has been added for us to review individual student needs. 3) As well, individual instructors prioritize a focus on balance and

students taking care of themselves at the beginning of each course.

Demonstration of Impact: Impact will be measured by principal licensure students and their field experience mentors through the

completion of the end-of-program survey for the 2021-2022 school year. In particular, Question Five: "Establish and maintain a nurturing school environment that addresses the physical and mental needs of all," will be highlighted. Out of a 4.0 rating, the average student rating was students rated a 3.71 and

their mentors' mean rating was a 3.75.

External Recognition: Not at this time.
