Accreditation, Placement and Licensure News

Distributed to program managers and faculty leads by the Office of Accreditation, Placement and Licensure.

APL Staffing

APL staff wish **Dr. Tami Augustine** the best in her new professional pursuits at Wayne State University. Her leadership paved the way for our office's efficient and sustainable practices. She will be greatly missed.

Kathleen Lynch will serve as the Interim Director of Assessment and Accreditation and **Lauren Salamone** will serve as the Interim Director of Placement, Licensure and Professional Development. We appreciate your

edprep@osu.edu.

Placement

Spring 2023 Student Teaching Supervisor Required Trainings

Each year, student teaching supervisors are required to complete trainings on the unit-wide assessments to ensure inter-rater reliability and consistent implementation.

- For the **CPAST form**, new and returning supervisors must complete an online Qualtrics training. To access it, please follow directions [here](). A passing score of 80 percent on the quiz is required by February 1.

- For the **Using Assessment to Drive Instruction form** (edTPA replacement), more information about an in-person meeting and/or online training options will be provided in February.

Program Enrollment Verification Updates

The window for Program Enrollment Verifications (PEV) are now open and are due January 15th. All PEV designees are to update newly admitted/enrolled students for Spring 2023 as well as any drops or leaves of absences since Fall 2022 on the [APL Applications website](). A guide is available [here]() as well to help you through the process. If you have questions or need support, please reach out to [edprep@osu.edu]().

We welcome your thoughts and suggestions on what items would enhance the
program admin's user experience. Please take a few minutes to complete this
APL App Feedback Survey to help us prioritize the development of new
features in Spring 2023 and beyond.

Student Teaching Survey Results

In Autumn 2022, APL distributed the *Cooperating Teacher/Mentor Survey* (79%
response rate – down 1% from SP22) as well as the *Opportunities in Student
Teaching Survey* (75% response rate – up 25% from SP22). Highlights of these
results include:

- At a rate of 93% or better, mentors were satisfied with the opportunity to
  collaborate with the candidate **using data** to guide instruction, the
  candidate's preparedness to promote responsible **use of technology** to
  actively engage learners, the **quality of supervision** and would **accept
  another Ohio State candidate**.
- At a rate of 99% or better, student teachers indicated they participated in
  co-planning lessons, were challenged by their mentor to **use
  technology** in their practice, were **provided constructive feedback** by
  their mentor to improve their practice, and were challenged to implement
  new, **research-based instructional** strategies.

Programs can access the full overall summary in OneDrive and individual
program summaries in their respective APL Program Data folders in OneDrive.

Reading and Elementary OAEs

The OAE 090 Foundations of Reading test's last administration date was January 8, 2023 and was replaced by the [Foundations of Reading Assessment (190)](#) on January 9, 2023. If a student has already passed 090, this version will be acceptable for licensure until further notice. No sunset date has been given by ODE for the 090 assessment.

The new Primary P-5 assessments ([APK: 057](#), [Primary Education: 055](#), [Primary Special Education: 058](#)) are under development. At this time, students should follow the current assessments listed on the ODE PDF below.

For all current licensure assessments, please see the [Ohio Department of Education PDF](#).

Licensure Applications

Please remind your students to review the [Licensure Application Guide](#) and [step-by-step video](#) before they apply for their teaching licenses. If you have any questions, please contact Heather [Long](#).
