

COLLEGE OF EDUCATION AND HUMAN ECOLOGY

Accreditation, Placement and Licensure News

Distributed to program managers and faculty leads by the Office of Accreditation, Placement and Licensure.

College COVID-19 Procedures

In light of the ongoing updates regarding COVID-19, please see the [Faculty and Staff Portal](#) for college-level updates. Updates regarding field and student teaching experiences are included on this page.

Additional updates regarding field and student teaching experiences will be sent to programs as they become available. If you have questions, please contact Tami Augustine at augustine.19@osu.edu.

Keep Teaching OSU!

Temporary remote teaching resources can be found here: <https://keep-teaching.osu.edu>. If you need assistance with ideas or resources to support virtual field experiences, please contact edprep@osu.edu.

Program Enrollment Verification Web App

Starting this May, programs will verify their enrollment for APL through a web application. All program administrators will be able to login to the app with name.# credentials and update their student information. Video tutorials and training opportunities will be provided in the coming weeks.

Let us know who from your program needs access by filling out a brief survey: <https://go.osu.edu/pev>

SP20 OSU Cooperating Teacher and Opportunities in Student Teaching Surveys

As a reminder, survey response rates and non-responder lists will be sent to programs at the end of the month. Please contact the individuals on the non-responder list to follow-up on completing the survey. As you may know, these surveys are brief (approximately 5-10 minutes to complete) and provide valuable feedback on OSU field experiences. This feedback is used to inform program and process improvement. Our goal is an 80% response rate and the surveys close on May 1.

Field Experience Placement Logs

As a reminder, programs are required to maintain student placement logs as an official record of placement attendance. These logs should contain the student name, course, building, date, time in/time out, and signature of the cooperating teacher for the full field experience. Programs are required to retain these logs for at least two years. File storage may be determined by each program (ex: Carmen Shell, BuckeyeBox, etc.)

Please note: Spring confirmations should reflect actual dates and hours logged, especially given the recent guidance regarding classroom teaching.

Field Placement Requirements (Columbus Campus)

The new streamlined, paperless compliance document submission process begins Summer 2020. Click [here](#) for the one page document with links for each requirement. Students can access this information on the [APL website](#).

Field Placement Requirements (Regional Campuses)

Let us know if you are interested in the using a paperless version of the Student Field Experience and Clinical Practice Application Form via Qualtrics. We are happy to assist you in creating your form in Qualtrics.

UTEC Program/Faculty Leads Subcommittee Meeting

This meeting has been cancelled at this time. We will be making adjustments to the Data Days to help support conversation around our program data.
