#### Report Overview

The Ohio Department of Higher Education gathers data annually from multiple sources to report the following performance metrics in the Educator Preparation Provider Performance Reports:

- Ohio Teacher Evaluation System Results for Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Ohio Principal Evaluation System Results for for Ohio Principals Prepared by an Ohio Educator Preparation Provider
- Field and Clinical Experiences Required by Ohio Educator Preparation Provider Candidates
- Licensure Test Results for Ohio Educator Preparation Provider Program Completers
- Value-added Data for K-12 Students Taught by Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Demographic Information for Schools in Which Ohio Educator Preparation Provider-Prepared Teachers with Value-Added Data Serve
- Academic Measures Used to Inform Admissions Decisions at Ohio Educator Preparation Provider Programs
- Survey Results of Pre-Service Teacher Candidates Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Ohio Resident Educators Who Were Prepared by Ohio Educator Preparation Providers
- Survey Results of Ohio Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Mentors Serving Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Ohio Educator Preparation Provider National Accreditation Status
- Persistence in the Ohio Resident Educator Program of Teachers Who Were Prepared by Ohio Educator Preparation Providers
- Ohio Educator Preparation Provider Excellence and Innovation Initiatives

**Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers**  
**Prepared by an Ohio Educator Preparation Provider at Ohio State University**

Reporting Period from Sept 1, 2018 to Aug 31, 2019  
(Data Source: Ohio Department of Education)

**Description of Data:**

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results is actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

**Limitations of the Ohio Teacher Evaluation System (OTES) Data:**

1. The information in the report is for those individuals receiving their licenses with effective years of 2015, 2016, 2017, and 2018.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
3. Due to ORC 3333.041(B), annual results must be masked for institutions with fewer than 10 completers with OTES data.

Reporting Period from Sept 1, 2018 to Aug 31, 2019  
(Data Source: Ohio Department of Education)

**Description of Data:**

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2015, 2016, 2017, and 2018.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results is actually a chronological view of evaluations. **Field and Clinical Experiences for Candidates at Ohio State University**

Reporting Period from Sept 1, 2018 to Aug 31, 2019

(Data Source: Ohio State University)

**Description of Data:**

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

<b>Teacher Preparation Programs</b>	
Field/Clinical Experience Element	Requirements
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	Y
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	100
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	510
Average number of weeks required to teach full-time within the student teaching experience at the institution	14
Percentage of teacher candidates who satisfactorily completed student teaching	98.53%

<b>Principal Preparation Programs</b>	
Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	26
Number of candidates who started internship	33
Number of candidates who completed internship	33
Percentage of principal candidates who satisfactorily completed internship	100%

**Ohio Educator Licensure Examination Pass Rates at Ohio State University**

Reporting Period from Sept 1, 2017 to Aug 31, 2018  
(Data Source: USDOE Title II Report)

**Description of Data:**

Ohio educator licensure requirements include passage of all requisite licensure examinations at the state determined cut score. The reported results reflect Title II data, and therefore represent pass rate data solely for initial licenses. Further, because the data are gathered from the Title II reports, there is a one year lag in accessing the data. Teacher licensure pass rate data are the only reported metric for which the data do not reflect the reporting year 2018-2019.

As of 2013, the Ohio Assessments for Educators replaced the Praxis subject assessments for initial licensure. Some Praxis II assessments are still being reported because recent program completers took those tests in or before 2013.

**Value-Added Data for Students Taught by Teachers Prepared by  
Ohio Educator Preparation Providers at Ohio State University**

Reporting Period from Sept 1, 2018 to Aug 31, 2019

**Description of Data:**

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of, 2015, 2016, 2017, and 2018.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on Elementary and Middle School Tests (Grades 4-8) and End-of-Course Tests for high school credit.
3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

## Ohio Educator Preparation Provider Performance Report

### Ohio State University

#### Principal Program Admission Requirements

EPP principal requirements are 1) application with letter of recommendation, letter of commitment, GPA, and disposition form (with BCII/FBI checks and fingerprinting) and 2) completion of UG coursework. All applications are screened using unit and program rubrics and criteria. Applicants include a piece of writing with criteria established. SAT, ACT, and GRE scores may be considered.

# 2019 Ohio Educator Preparation Provider Performance Report Ohio State University

## Pre-Service Teacher Survey Results

Reporting Period from Sept 1, 2018 to Aug 31, 2019

### Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here. A total of 3,156 respondents completed the survey statewide for a response rate of 70 percent.

**Ohio State University Survey Response Rate = 55.45%**

**Total Survey Responses = 224**

**1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree**

**Reflections on their Educator Preparation Program**

Reporting Period from Sept 1, 2018 to Aug 31, 2019

**Description of Data:**

To gather information on alumni satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio Resident Educators who completed their preparation in Ohio receive an invitation to complete the survey in the fall semester as they enter Year 2 of the Resident Educator program. A total of 399 respondents completed the survey statewide for a response rate of 12 percent.

Reporting Period from Sept 1, 2018 to Aug 31, 2019  
(Data Source: Ohio Department of Higher Education)

**Description of Data:**

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the professional preparation of job applicants.

## Excellence and Innovation Initiatives

Reporting Period from Sept 1, 2018 to Aug 31, 2019  
(Data Source: Ohio State University)

### Description of Data:

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

### Teacher Preparation Programs

<b>Initiative:</b>	Preservice Professional Development Series
<b>Purpose:</b>	Provide preservice teacher candidates with a professional development series to meet PD hour requirements for SPA assessments and enhance understanding of teaching and learning
<b>Goal:</b>	Assist preservice teachers in meeting professional development hours by providing free, high-quality professional development that assists in expanding their understanding of teaching and learning.
<b>Number of Participants:</b>	100
<b>Strategy:</b>	Teacher candidates in the initial licensure Teaching & learning programs were surveyed regarding their ability to successfully complete professional development hours, as well as their interest in professional development topics. The results of this survey indicated that preservice candidates were experiencing difficulty completing professional development hours required by the SPA assessment due to travel and financial constraints. Additionally, students were looking for more information regarding inclusions, working with diverse populations, finding work-life balance, and the job hunt. As a result, the Department of Teaching & Learning created a year-long professional development series that included: professional writing, Suicide Prevention Training, Teaching with Immigrant and Refugee populations, Teaching Gifted Students, Beating Anxiety Workshop, job application process, working in urban schools and mock interviews.
<b>Demonstration of Impact:</b>	100% of students who attended the workshops submitted positive feedback regarding the content and how they felt it enhanced their understanding of what it means to be an educator. Additionally 100% of students completed their professional development without financial strain.
<b>Programs:</b>	All initial licensure programs in the EHE Department of Teaching and Learning.
<b>Initiative:</b>	Pre-CPAST
<b>Purpose:</b>	Utilize a valid/reliable instrument for preservice education programs as a formative evaluation tool to improve student performance and inform instructional/pedagogical goals prior to student teaching
<b>Goal:</b>	Implement use of pre-CPAST evaluation form for all preservice teacher education programs and the end of the advanced field experience and use the evaluation as a way to reflect on practice and establish improvement goals for the student teaching experience.
<b>Number of Participants:</b>	400
<b>Strategy:</b>	The pre-CPAST instrument serves as a formative assessment during the advanced field experience. This formative tool was developed by the profession and includes two subscale: Pedagogy and Dispositions. At Ohio State, this tool is aligned with the CPAST evaluation tool utilized in student teaching. Additionally, this tool is used to provide formative feedback for students to focus on improvement related to pedagogical and dispositional criteria identified as essential to high-quality teaching and learning. The pre-CPAST is complete by the preservice teacher as a self-reflection tool, as well as the university supervisor and cooperating teacher. The three parties meet at the end of the advanced field experience to have a conversation that discussed the preservice teacher performance in the classroom and identify goals to improve teaching and learning in the student teaching experience.
<b>Demonstration of Impact:</b>	Comparative aggregated and disaggregated data for programs to use for reflection and data informed decision making for student and program improvement. The tool has been shown to be an effective coaching tool for university supervisors, as well as cooperating teachers.

**Principal Preparation Programs**

<b>Initiative:</b>	Principal Preparation On-Boarding Support
<b>Purpose:</b>	Strengthen the coherence between coursework, internship and administrative practice for principal licensure candidates.
<b>Goal:</b>	Create on-boarding materials to support principal licensure candidates after they move into an administrative role.
<b>Number of Participants:</b>	25
<b>Strategy:</b>	Create five on-boarding videos focusing on topics identified by beginning practicing principals that they found were their most challenging leadership issues as they moved into a principal role. Incorporated these video lessons into the program curriculum.
<b>Demonstration of Impact:</b>	Data on impact will be available during 2020-2021 school year.
<b>External Recognition:</b>	Work supported by an Ohio Department of Education Principal Preparation Innovation Grant.
<b>Initiative:</b>	Preparing Principals for Personalized Learning Env
<b>Purpose:</b>	Implement outcomes of grant to strengthen principal licensure graduates' ability to provide instructional leadership for learner-centered, personalized education. Expand engagement w P-12 stakeholders
<b>Goal:</b>	Develop and implement instructional materials that support personalized learning opportunities for students. Use these materials to strengthen principal licensure candidates' ability to create personalized learning environments.
<b>Number of Participants:</b>	13
<b>Strategy:</b>	Create K-12 Advisory Committee to strengthen engagement with our P-12 partners. Use Advisory Committee input to create instructional materials that support leading schools in a context of personalized education.
<b>Demonstration of Impact:</b>	Instructional materials were developed and used in the principal licensure curriculum beginning in 2018. No outcome data has yet to be gathered.
<b>External Recognition:</b>	Awarded an Ohio Department of Education Principal Preparation Innovation Grant to support this work.
