

Multi-Age (K-12) Licensure in Health Education

This program prepares teachers in the area of school health education across grades K-12. This is not a stand-alone credential. Health Education licensure candidates must either have, or be in the process, of acquiring a license in another Physical Education. The curriculum for the health education program was selected by using the guidelines developed by the American Association for Health Education and the National Council for the Accreditation of Teacher Education (AAHE/NCATE). The National Health Education Standards developed by the Joint Committee on National Health Education Standards were also utilized to develop the curriculum.

Minimum hours: 24

For More Information:
Dr. Harry Lehwald
A274 PAES Building
305 Annie & John Glenn
Ave.

Fast Facts

Students must maintain a 2.75 GPA throughout coursework

Upon completion of required coursework, but prior to the practicum students must pass the relevant state assessment(s). Please contact edlicensure@osu.edu regarding relevant state assessment questions.

Students may take the classes in any order except:

- The last two classes to be taken must be KNPE 4743 and then KNPE 4189.30 in that order

If you are not a current undergraduate student studying physical education, you will need to contact Dr. Phillip Ward, ward.116@osu.edu, to discuss your course of study.

Students are not required to complete the EdTPA for this second licensure.
