

# Accreditation, Placement and Licensure News, July 2019

---

Distributed to program managers and faculty leads by the Office of Accreditation, Placement and Licensure.

## Licenses processed

The Office of Accreditation, Placement, and Licensure processed over 500 license and endorsement applications since April 2019. This is a record for our office for this same time period last year. Thank you to all who have helped us with the approvals. Congratulations to all of our students for this wonderful accomplishment!

## New Opioid Module in Effect for Endorsement Licenses

Beginning July 1, 2019, students applying for an **endorsement license** will need to complete the newer opioid module in order to be eligible for licensure.

The new module can be found here:

## Calendar Updates

The autumn 2019 APL Dates to Observe calendar for both the Columbus and Regional campuses has been updated in your [Buckeye Box](#). Please check for items that apply to your program and save the dates.

Additionally, APL has prepared a *Check List for Program Managers* to help track items and due dates of what needs to be submitted to APL. View the check list [here](#).

## Ohio Standards Module, Unit 5-Value Added

The Ohio Standards Module for Unit 5 – Value Added has been temporarily removed due to Battelle for Kids, as they are no longer supporting the site for the videos. APL is diligently working on a replacement.

## Compliance

As a reminder, APL requires 5 pieces of documentation from all Columbus students prior to the start of their field experience for compliance. The information is outlined on our website here: <https://ehe.osu.edu/accreditation-placement-licensure/field-placement/>. Documents should be submitted to [edprep@osu.edu](mailto:edprep@osu.edu).
