OFFICE OF RESEARCH, INNOVATION, AND COLLABORATION (ORIC)

INVESTING IN EHE

How does EHE's Office of Research, Innovation, and Collaboration support faculty, students and staff in the college? Here are some of the many programs and services we funded.

EXPERT REVIEW

Sometimes great ideas need a little polish. We provide funds to bring in outside consultants who can put a shine on research proposals, increasing their funding potential.

POSTDOCTORAL ASSISTANCE

We invest in the world's future. The EHE Office of Research, Innovation and Collaboration (ORIC) matches postdoc research travel awards and provides funds for postdoc career development.

FACULTY TRAVEL

DC DAYS

EHE Office of Research, Innovation and Collaboration (ORIC) hosted "DC Days" for a group of 10 EHE faculty to travel to Washington, DC to meet federal Program Officers from NIH, NSF, USDA and IES.

MATCHING SUPPORT FOR GRAS

To encourage EHE Principal Investigators to include graduate research associates in the proposal submissions, ORIC will fund half of the cost of a GRA.

100+ PRESENTERS

ANNUAL EHE 2019 RESEARCH FORUM

INVESTING IN STUDENTS

RESEARCH IN SCHOOLS

Did you know? Some school districts in Franklin County are part of an agreement that turns EHE research hours into EHE course fee waivers for teachers in those districts. This is just another way that EHE gives back to the Columbus community!
