

Research Apprenticeship (EDUTL 8998) Proposal Cover Sheet

Department of Teaching and Learning
College of Education & Human Ecology
The Ohio State University

The purpose of the Research Apprenticeship is to provide students with directed experiences in the research enterprise in addition to the dissertation work. Each student who enrolls in research apprenticeship (EDUTL 8998) should work directly with selected faculty member(s) to plan and implement all or part of a research project—and must play a non-peripheral role therein. Upon completion of a research apprenticeship, each student is expected to produce demonstrable outcomes deemed as appropriate by the faculty member.
